

Telecommunications harassment and intimidation — the court's own record

William E. Horner · b. 13 September 1986 · CRB 2401647

This is the court's own online record, retrieved and kept exactly as it was returned. **Nothing has been added to the pages that follow, and nothing has been removed from them.** The compiled summary of this case was written from these pages and from nothing else.

It is preserved here because a municipal record can later be sealed or expunged on application, after which the court's public search returns nothing. **A reader should still be able to check the summary against the source.**

On redaction. Every page of this record was read before it was published. It contains **no address, telephone number or other contact detail belonging to any victim, to the defendant's former wife, to her mother or to the children.** The one street address in it is the defendant's own, which he gave to the court himself. Nothing here has been covered over, because nothing needed to be.

This cover page is the only part of this file that was written rather than retrieved. Everything after it is the court's record.
